PUSH-TYPE GREASE GUNS K 60/ 3

Push`n Lube K 60/ 3 push-type grease guns

made by Hallbauer Industries GmbH, Germany

- **Including all-purpose nozzle** suitable for lubricating standard grease fittings in riding lawn mowers, hedge trimmers, outboard motors, boat trailers, snow mobiles, ATVs, pick-up trucks, mountain bikes, golf course equipment, to name a few.
- Manufactured from **high quality oil and grease resistant plastic materials** capable of withstanding rapid temperature changes. A **transparent grease gun cylinder** enables visual control of function and current filling volume.
- Filled grease guns show **no bleeding**
- **no additional sealing rings required**
- Easy and versatile **one-hand operation**
- A capacity of 2oz makes the Push`n Lube
- **fit into any tool box**
- **Various filling options with:**
 - HALLBAUER 1.4oz **grease cartridge PAT 60**
 - HALLBAUER 1.4oz **grease pack GP 1**
 - 2oz bulk grease
 - **Prefilled** with multi purpose grease, NLGI grade 2
